Conflicts of Interest

Employment of persons who are related or involved in a personal relationship will not be permitted where such employment creates a work-related conflict of interest. Family members, married individuals, and persons cohabitating or in a romantic relationship will not be permitted to work in positions that have access to confidential information and will not be permitted to work for one another or in the same department. If the College determines that any conflict of interest exists, the College will take such action as it deems appropriate to resolve the conflict of interest including, but not limited to, reassigning or terminating affected employees. Exceptions to this policy can be made only by the President.
